

CTS is a Lexington, KY based software training company, providing comprehensive end user instruction to companies throughout North America. CTS is a proud Microsoft Gold partner, and we employ the latest technology to develop the skills of both our employees and our clients. CTS is committed to providing quality training, and exceeding our customers expectations, enabling us to be the preferred source for both end user instruction and complex technical training.

**CTS Premier Service Highlights Include:**

- **Public classes at our Lexington facility:** Conveniently located, State of the art classrooms, and supportive learning environment. We are a Microsoft Gold Certified Partner for Learning Solutions in North America, offering hands-on training that promotes rapid skills development in multiple technologies, including Windows Server 2008, Exchange 2007, Windows Vista, and SharePoint Server 2007. Our accelerated Boot Camps provide superior certification preparation, complete with in-class exams. We offer IT courses for Cisco, Microsoft, Red Hat, Networking, Security, VoIP, and Wireless. Our business training curriculum includes project management, professional skills, and business process courses in ITIL®, Six Sigma, and business analysis. Our curriculum supports various certifications including, CBAP, CCNA, CCNP, CISSP, ITIL, MCSE, MSCA, Network+ and PMP.
- **Onsite Training:** This is the most valuable service we offer, and our customers continue to rely on CTS for comprehensive training on their schedule. This option offers tremendous benefits to both the company and the employees, including customized content and non-standard training hours. Please call CTS directly to inquire about a custom training course, designed specifically for your company or departments needs.
- **Project Management Training:** Project management is the application of knowledge, skills, tools, and techniques to a broad range of activities in order to meet the requirements of a particular project. CTS has one of the top 50 Microsoft MVP's in the country specializing in project management training, requested internationally, available for training right at our fingertips.
- **Web Design and Development:** CTS is a unique design firm offering a variety of services from basic Website Design to complete e-commerce website development. We have created and launched hundreds of successful websites since our inception, for many different types of businesses. Our web designers have the creative talent to appeal to your sense of style, the training and knowledge of current web standards and practices, and the ability to turn your ideas into reality!
- **Additional Services:** 24hr Application Phone Support, Technical Training Coordination, Classroom / Conference Room Rental, PC Hardware Rental, Project Development, Computer Based Training for your company's needs.
